Notice seeking applications for the Summer Stipends program, which supports individuals pursuing advanced research that is of value to humanities scholars, general audiences, or both. Recipients usually produce articles, monographs, books, digital materials, archaeological site reports, translations, editions, or other scholarly resources. Summer Stipends support full-time continuous work on a humanities project for a period of two months. Summer Stipends support projects at any stage of development.

Faculty should send application materials to Grants Resources & Services via e-mail to grs@appstate.edu by 12 p.m. Monday, August 3, 2015.

Nominations from department chairs and deans are not required for this internal competition.

Faculty members teaching full-time must be nominated by Appalachian State University in order to apply for a Summer Stipend; each eligible institution is limited to two nominations.

Nomination eligibility requirements include:
* Full-time teaching faculty member
* U.S. citizen or a foreign national who has been living in the U.S. or its jurisdictions for at least three years immediately preceding the deadline
* Formal education has been completed by September 30, 2015.

Review Section III of the complete program guidelines for information about eligibility requirements and submission restrictions for part-time faculty, non-tenure-track faculty, and individuals who have recently received another major fellowship or grant.

Because of the restricted number of submissions allowed, Appalachian State University’s internal review process for selecting the two nominees is as follows:
